

The NFA's #HousingDay pledge

Press release

Date: 12 November 2014

The NFA wants to see the next government commit to providing more social and affordable housing for those who need it. We will continue to work hard lobbying MPs and decision makers to make this a reality and ensure housing needs are met.

ALMOs will always have tenants at their heart and the NFA will continue to work to highlight the excellent and innovative work being done across the country to challenge the negative stereotypes portrayed in some corners of the media. #HousingDay is a great way of doing that so we encourage everyone to get involved and spread the good housing news we know is out there!
