Stock Safety: What You Need to Know

Following a successful webinar on Universal Credit, the NFA and Altair are pleased to invite you to our next webinar on Stock Safety, with speakers from the NFA and City West Homes. The Grenfell Fire Tragedy last year has led to a renewed focus on stock safety, with ALMOs reviewing their processes and arrangements to ensure the safety of residents. In this webinar:

- **Eamon McGoldrick**, NFA Managing Director, will provide an overview of safety and Board responsibilities,
- **Sarah Stevenson-Jones**, Head of Health, Safety & Wellbeing at City West Housing, will look at how City West Homes has responded to the issues around stock safety, including around fire safety.

There will be time for questions and discussions following these presentations.
